

We will work with the United Nations to collect these people from refugee camps near Syria, which means they will not have to make the dangerous journey to Europe, and we will make sure that helping vulnerable children, including orphans, will be a priority.

I hope this reply shows you how much we are doing to help these people in need. Thank you again for getting in touch and showing how much you care for them too.

Yours sincerely

A handwritten signature in black ink, appearing to read "David Carr", with a long horizontal flourish extending to the right.
